

## A Credit to The Farm

*I*t takes many hands to keep a farm alive an viable.

From the beginning, Borders Farm Preservation has been blessed with extraordinary “Farmhands” with vision, means and devotion to establish and maintain a lasting dream: The perpetual preservation of a quiniscential working farm. The kind of which have for centuries at-once woven the fabric of New England’s landscape and vitally grounded its economy.

Herin we gratefully recognize many of those who have played an important role in the ongoing legacy that is Borders Farm.
